## Partner Profile

[Download this Page\(/page/print/pdf/node/673\)](#)

---

The partner profile is an information management feature of the One Grant Management System (OneGMS). It enables Humanitarian Financing Units (HFU) and the Country Based Pooled Funds (CBPF) headquarters officers to access a full overview as a one-stop page of the implementing and sub-implementing partners' information. Data flows from the OneGMS and provides live information on partners and projects.

Please click [here\(/content/how-access-partner-profile?query\)](#) to know how to access the partner profile, or [here\(/content/what-information-included-profile-page?query\)](#) to learn more about the information included in the profile page.
