The tasks overview section in the home page will display the following lists depending on the rights given to the user role.

- Projects Task list
- Disbursement Task list
- Report Task List
- Revision Task List
- Audit Task List
- Sharepoint Projects Task List

Each task list has been provided with certain common functionalities which are mentioned below:

- The task list is mentioned in a tabular format whereby the information in the table can be sorted on the basis of each column and the sorted column will be highlighted with an arrow. An upward arrow indicates that the information is in ascending order and downward arrow indicates descending order.
- There is an ‘Export to Excel’ option which enables the user to extract the filtered information into an excel sheet.
- The Count option available on each task list provides you with the number of tasks currently present in the task list and a mouseover action would provide you with a status count of the tasks. For e.g. Under Audit(2).
- The Date Assigned column in every task list provides you with a link to open individual task items.
- Put a check mark in the check box if you do not wish to display items which have been set by the Admin to be excluded from the list. For e.g. if the Admin has excluded projects having status ‘Project Closed’, then projects having this status will not be displayed.

**Advance Switchboard**

Advance Switchboard enables the user to display projects from the pooled fund based on the filter criteria selected. The data retrieved displays all projects which are in the GMS system for the selected pooled fund irrespective of the user role.
Following are the filter options available:

Under the Filters section:

- **Select Allocation year** (drop down box): Lists the years of allocation available in the GMS system for the pooled fund.
- **Select Allocation Type** (drop down box): List of all projects submitted in the GMS system with the allocation type and year for the pooled fund. (Standard or Reserve Allocation based upon the ‘Calling for proposal’ or ‘Rolling Basis’ that currently exists).
- **Select Cluster** (drop down box): List of clusters defined for the pooled fund.
- **Select Organization type** (drop down box): List of Organization Type in the pooled fund. (International NGO, National NGO, Other, UN Agency)
- **Project Code** (text box): Search a project by Project Code.

Based upon the criteria selected above, click the **Reload Filters** button to load the filtering options below.

- **Select Organization** (drop down box): List of organization names available for the filtered projects in the pooled fund.
- **Select Admin Location 1** (drop down box): Lists the regional locations in the country for which the user is registered for.
- **Select Project Duration** (drop down box): Lists the duration periods set for the projects in the pooled fund. (1 month to 19 months)
- **Select Project Status** (drop down box): Lists the statuses currently available for the filtered projects. The list of choices applies for both Standard and Reserve Allocation Project Statuses.
- **Select Report Status** (drop down box): Lists of financial reports available for the pooled fund on which basis projects can be filtered.
Then click the **Click to filter** button to generate the **Tasks Overview**.

To reset the entire filters, click the **Reload Filters** button (i.e. Select Allocation Year, Select Allocation Type, Select Cluster, Select Organization type).

Click the **Clear** button to reset the entire Advance Switchboard filters.
